

## Office Safety Precautions in Effect During the Pandemic

My office is taking the following precautions to protect our patients and help slow the spread of the coronavirus.

---

- Office seating in the waiting room and in therapy/testing rooms has been arranged for appropriate physical distancing.
- We maintain safe distancing in the office.
- Restroom soap dispensers are maintained, and everyone is encouraged to wash their hands.
- Hand sanitizer that contains at least 60% alcohol is available in the therapy/testing rooms, the waiting room and at the reception counter.
- We schedule appointments at specific intervals to avoid people being in the waiting room.
- We ask all patients to wait in their cars or outside until no earlier than 5 minutes before their appointment times.
- Credit card pads, pens and other areas that are commonly touched are thoroughly sanitized after each use.
- Physical contact is not permitted.
- Tissues and trash bins are easily accessed. Trash is disposed of on a frequent basis.
- Common areas are thoroughly disinfected at the end of each day.
